

## ***Outside-the-Box Strategies to Engage Students***

Rita Black – Instructional Assistant, Lenape Technical School

Donna Shea – Instructional Assistant, Lenape Technical School

This hands-on workshop will demonstrate creative ways to assist students in learning while staying focused on the task at hand. Participants will learn how to turn free and everyday items into valuable teaching tools. Did you know that a roll of toilet paper can be used for classroom assessment? All participants will have the opportunity to make items to take with them. Come and hear these engaging presenters.
