

## ***A Regional Approach to CTE Awareness – TechLink!***

Lisa DeLorenzo – High School Partnerships Director, Harrisburg Area Community College  
Georgia Hasse – Perkins Outreach Coordinator, Harrisburg Area Community College  
Jenna Carlson – High School Partnerships Coordinator, Harrisburg Area Community College  
Karen Pflugh – Administrative Director, Dauphin County Technical School

With the aid of high school administrators, instructors, counselors, and students, the High School Partnerships Team will discuss the power of taking a regional approach to career and technical education (CTE) awareness and advocacy. We will discuss the unique collaboration among TechLink's secondary CTE administrators, staff, and students through regional events and opportunities that not only support these CTE students and staff but also promote the benefits and necessity of CTE to a broader audience in the central Pennsylvania region.
