

Equity in Work-Based Education – BRIDGE Program

Sandra Joseph – Supervisor of Specialized Instruction, Lehigh Career & Technical Institute

Jeff Doll – Indoor/Outdoor Maintenance Teacher, Lehigh Career & Technical Institute

Lehigh Career & Technical Institute's BRIDGE program provides opportunities for high school students who receive specialized instruction to gain invaluable work experience as they transition to adult life. Join us to see how LCTI is partnering with Lehigh Valley businesses where students work in guided environments while honing their technical and professional skills.
